28 Exception in thread "main" java.lang.AssertionError

29 at Calc.main(Calc.java:7)

30

31

32 The command "chmod +x build.sh && ./build.sh" exited with 1.

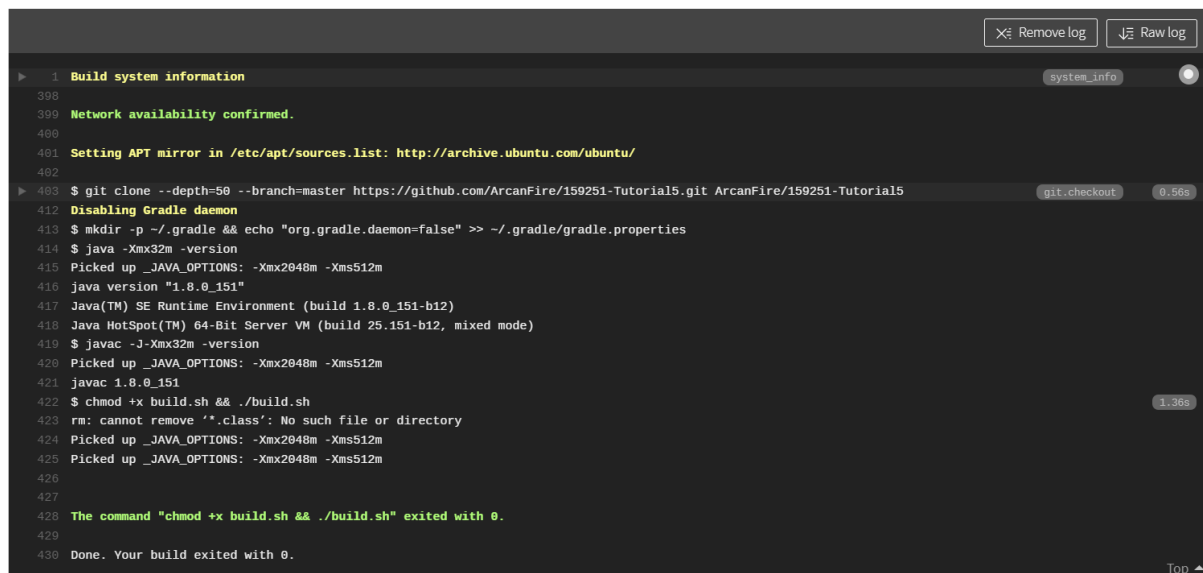

33

34 Done. Your build exited with 1.

Top

Fixed assertion error and everything ran fine:

```
1 public class Calc {  
2     public int add(int a, int b) {  
3         return a + b;  
4     }  
5     public static void main(String[] args) {  
6         Calc c = new Calc();  
7         assert c.add(3,3) == 6;  
8     }  
9 }  
10
```
